Guidelines for Grant Evaluation and Final Report

1. State the original project title or purpose, the dates of the project duration, and the amount of the FWE grant.

2. In less than one page discuss the project's outcome. Answer whichever of the following questions seems appropriate. Keep in mind that this page is for the narrative account (save the financial information for the following question.)
   - What was learned?
   - What was particularly successful?
   - What role did FWE financing play in relationship to other grants or fundraising?
   - What is being done to follow up on the project?

3. Give a financial report answering whichever of the following questions are appropriate. This can be done in the form of a table.
   - Expenditures: How were the funds used?
   - List of grants from others and in-kind contributions.
   - Remaining funds.

Note: The FWE policy on unspent funds is that they are returned within a calendar year of the completion of the project.

4. Did you achieve original goals?
